2023 Scheduled Teaching Garden Workdays

- Workdays run from 9am to noon every other Saturday during the growing season
 - Come and leave when you need to, on workdays that fit your schedule
 - When you arrive, go to your adopted garden area to work with your team
 - Team leaders will provide an orientation to new members
- You can also work on days other than a Saturday Workday. Simply coordinate with your team leader regarding tasks to focus on
- Adopt-a-Garden team leaders will contact team members before each workday to highlight tasks for the garden area for that day and confirm which team members plan on attending
- Plant Sale Workdays are also included in the schedule. Team members and Plant Sale volunteers will work on these days
- Bring your own gloves and be sure to social distance (following COVID guidelines)

Saturday Workday tasks include planting, weeding, fertilizing, watering, pruning, spreading mulch, plant division, dead-heading, winterizing, diagnosing and managing insect and disease problems, putting up and taking down deer/rabbit fencing, etc.
